

## INSTALLATION OF YOUR HEESEMANN

WITH YOUR DECISION FOR A HEESEMANN SANDING MACHINE YOU HAVE MADE THE RIGHT CHOICE AND HAVE CHOSEN THE MANUFACTURER WITH THE MOST EXPERIENCE.

To secure that you can use your new sanding machine to the full extent we have arranged some installation and training packages for you. Your new Heesemann will be put into operation through qualified Heesemann technicians. We accompany your production start and train your staff on demand - directly in succession of the installation and in the course of an additional training approximately 3 - 4 weeks after production start.

Installation and training package:	Sanding machines with 1 - 3 units	Sanding machines with more than 3 units
<b>PACKAGE A</b>	1 day installation of your machine 1 day support at production start	2 days installation of your machine 2 days support at production start
<b>PACKAGE B</b>	additionally 1 day training	additionally 1 day training
<b>PACKAGE C</b>	additionally 1 day training	additionally 1 day additional training

These packages are only available in combination with new machines. For an offer please contact [sales@heesemann.de](mailto:sales@heesemann.de).
